

PROJECT KICK-OFF MEETING

Agenda

Post-Quantum Secure Communication and Surveillance for Air Traffic Management

DATE	TIME	PLACE
Friday 4 September 2026	09:30–16:10 EEST · Tartu 08:30–15:10 CEST · Brussels	Estonian Aviation Academy Lennu 40, Reola, 61707 Tartu County, Estonia · Hybrid Join online via Microsoft Teams ↗

MEETING OUTCOMES

- 1 Build a shared understanding of PostQat's scope, objectives and expected results.
- 2 Align work-package responsibilities, task interfaces and the 30-month roadmap.
- 3 Agree how the consortium will govern, report, share information and manage risks.
- 4 Confirm owners and deadlines for the first 90 days of the project.

PLEASE PREPARE

Each partner: a five-minute introduction covering your team, planned contribution, key dependencies and the result you want from the project.
